Counted objects and quantities

Small count numbers agree with the noun. Nominative **sešas olas** and **seši āboli** become accusative **sešas olas** and **sešus ābolus**. For numbers two to nine other than *trīs*, learn the plural accusative ending **-us** for masculine numbers; feminine stays **-as**.

Singular objects include **olu, maizi, ābolu, pienu**. After many or much use a genitive: **daudz ābolu, daudz piena**. **Cik ābolu?** also uses genitive plural.

Man nav naudas is I have no money. Notice that no money uses the genitive just like **galda nav**. Possession **Man ir nauda** uses nominative.
