Whose things and when they went missing

Ownership still agrees with the thing: **उसका फ़्लैट, उसकी चाबी, उसकी चीज़ें**. A plural feminine noun keeps **की**; **के** is not a universal plural possessive ending.

चाबी खो गई थी states that the key had gone missing before the current past point. Treat **खो गया/गई** as a common result expression, with **था/थी** placing that result in the past.

A simple relative idea can often be recast: **वह सिर्फ़ अपनी पसंद की चीज़ें लेता है**. It expresses what he loves without requiring a full **जो...वह** relative construction at A1. **अपना/अपनी/अपने** refers back to the subject and agrees with the owned thing.

ये उसकी चीज़ें हैं।

These are his/her things.

चाबी खो गई थी।

The key had gone missing.

वह अपनी चाबी लेता है।

He takes his own key.
